Digital Communication - in pursuit of compliance

A Webinar presentation showing how automated methods are changing the Fleet Transport industry's approach to data acquisition

John Childs; Mar 22

(On this day in history; 1957: The BBC broadcast a hoax Panorama programme, showing a family carrying out their annual spaghetti harvest. 1983: Tens of thousands of CND peace demonstrators formed a human chain stretching 14 miles across southern England. 1999: A legally-binding minimum rate of pay was introduced in Britain for the first time (adults - £3.60 an hour and workers under the age of 22 - not less than less than £3 an hour. 2000: A coding machine used by the Germans to encode messages during World War II was been stolen from the Bletchley Park Museum)
