URGENT - New Chairman needed

We are still seeking a volunteer to take up the post of Chairman. This could possibly be a shared role by two people.

You would be working with a very good committee and get all the support, help and encouragement from both the committee and the outgoing Chairman that you would want.

Please contact any committee member or email chair@ashu3a.org.uk

Focus on: Ash u3a Photography group

The Ash u3a Photography Group continues to attract big attendances for its monthly meetings with reviews of members' photos, which are on a different theme each month. The meetings also include a technical topic to help members improve their skills. The October 2023 monthly technical topic was "Lenses" and one of our members, Michael Connelly, gave an impressive talk on his career in commercial photography. We are a friendly Photography Group where the emphasis is on the story behind the picture rather than the technical proficiency of the photographer. Most of our members just snap images on their smartphones or cheap digital cameras so Michael's presentation was an eye opener into the world of the professional photographer! You can find out more about our Group on our Web Page at: <https://ashu3a.org.uk/photography>
